RE: Call for Nominations of Prospective Fellows

You are cordially invited to make **up to two** nominations for prospective fellows in the Academy of Leisure Sciences. The following criteria should be considered as you propose candidates for membership:

1. The individual should have demonstrated competence in professional activities over a considerable period of time (10-15 years). Included in this consideration of eligibility are such factors as:
(a) quality as well as quantity of contributions to the literature in the field; (b) recognition of leadership and extensive participation in professional associations or organizations; and
(c) acknowledged outstanding performance as a teacher, leader, administrator, practitioner, or researcher in the field of leisure sciences.
2. A willingness to further the goals of the Academy of Leisure Sciences and participate actively (broadly defined) in its affairs.

Please submit one Biographical Data form (next page), one letter of nomination, and one letter of support for the nominee by email to the person and address noted. The Biographical Data form is in lieu of a vita; it is a computer-fillable form to assure that we get comparable information on all prospective fellows. Please create/collect materials and **send all documents by email**. We are utilizing a paperless process for nominations and balloting. The Nominations Committee will compile all documents into one pdf document and distribute it to the membership for voting.

In your letter of nomination and in the additional letter of support, please characterize the extent and importance of the nominee's contribution to the field of leisure sciences. When filling out the Biographical Data form, please limit the length to **NO MORE THAN four (4) pages** and follow the format as provided. Should you submit more information than is requested on the Biographical Data form (e.g., someone's lifetime vita), please be advised that your nomination will be returned to you for resubmission. Should you submit less than the required information, your nomination may not do justice to your nominee, but will go forward as submitted.

Please ensure that your nomination(s) are **e-mailed no later than April 25, 2014**
